

SEE CHANCE TO END STRIKE BY COMPROMISE

CITIZENS' COM. HANDLES DIXON FUEL SHORTAGE

Mayor Smith Appoints Committee to Meet Threatened Famine.

A civic committee was appointed this morning by Mayor Mark D. Smith to handle the coal conservation rulings locally. Attorney Henry S. Dixon was selected by the mayor to head this committee and to name his assistants, who have consented to serve, as follows: Henry S. Dixon, chairman, Albert Horst, E. D. Alexander, A. W. Leland, E. N. Howell, Supervisor John Sterling and John J. Reilly.

This committee is meeting this afternoon at the city hall at which time they are perfecting their organization and outlining a permanent plan for handling the situation in Dixon. One of the first movements on the part of the committee was to communicate with every coal dealer in the city for the purpose of ascertaining the exact amount of hard coal, soft coal, coke and wood supply available.

At the meeting of the civic committee this afternoon, the plan for cutting down trees in Lowell park that are detrimental to the beauty and convenience of passage ways in the park is being discussed, together with many other matters.

Famine is Here.

The fuel predicament became more acute in Dixon today as the civic committee plunged into the making of a program that will save every available pound of coal from waste. At the meeting of the committee this afternoon Chairman Dixon announced that there was no coal in Dixon except what is in the people's cellars and urged that an immediate attempt be made to get coal for the dealers and follow this action by restricting the use of coal.

Practically No Coal.

A canvass of the dealers of the city showed by 32 tons of coal of all kinds in the city today and much of this has already been sold. While the committee was in session, one woman called Mayor Smith from the meeting, stating that the last coal she had was in the stove and that she had no fuel to keep herself and family of several children warm over Sunday. She had been unable to secure even a small amount from the coal yards.

Urges City Wood Yard.

Chairman Dixon urged the establishment of a city wood yard at once, where trees could be hauled in ten or 12 foot lengths and delivered to those in need of fuel. The wood would be sufficient to cover the cost of the work.

Supt. Albert Horst of the local Borden plant, a member of the committee suggested that he would endeavor to secure the co-operation of the farmers supplying milk to the factory, in an effort to do away with the receipt of milk at the factory on Sunday mornings. The two days supply could be delivered on Monday, saving approximately from six to seven tons of coal at the Borden plant.

New Business Hours?

The committee urged that all of the local fuel dealers make immediate requisition to the regional director for coal and upon receipt of coal load lots, this should be distributed through the clearing house method as has been adopted in many other cities. Chairman Dixon was also strongly in favor of a readjustment of the business hours in all lines of retail business locally.

Will Follow Rules.

In meeting this afternoon, the newly organized Civic committee which was the outcome of suggestions sent by the U. S. Railroad Administration through their agent, J. J. Reilly, it was decided that the proposed rules forwarded by the Railroad Administration for the guidance of all Civic committees, would be adopted in Dixon, and the following orders from the U. S. R. R. Administration will be made law in this city during the present emergency:

First—Make survey of reserve stock of fuel held by dealers and industries.

Second—Take every action within their power to conserve coal by preventing its use for non-essentials. To accomplish this consideration should be given to curtailing operation and if necessary closing places of amusement such as theaters, moving picture houses, clubs, etc., and by regulating conservatively the use of office buildings, churches, schools, stores, apartments and residences. Retail dealers, public utilities and other consumers must not be permitted to furnish, or use coal for the operation of electric street or storage signs or other non-essential uses.

Third—Arrange for proper redistribution of abnormal reserve supplies held by retail dealers or industries.

Fourth—While the Railroad Administration will not undertake the distribution of coal in less than carload lots at this time, it will endeavor to regulate, by cooperating with the Civic committee to whom this plan is delegated. Applications for delivery of coal in carload lots to retail dealers and others will be handled as at present, except that upon request of Civic committee it will be proper to withhold delivery to such re-

CONTRACT FOR BRIDGE REPAIRS TO FREEPORT MAN

W. H. Shonts Gets Job, Bid of \$34,869 is Accepted.

Bids for the repair work on the Galena avenue bridge were opened yesterday afternoon at a meeting of the county road and bridge committee of the board of supervisors, all members being present, and the contract for the work was awarded to the Freeport Bridge company, of Freeport, which was represented by William H. Shonts, of that city. The bid of the successful company was \$34,869 with an eight per cent plus cost price on the sidewalk construction. A total of six bids were filed as follows:

Freeport Bridge company, \$34,869 and eight per cent plus cost price for sidewalks.

Continental Bridge company, \$42,000 and 20 per cent plus, sidewalk cost.

C. E. Heapes, contractor, \$53,813 and 15 per cent, sidewalk cost.

Stroble Steel Construction company, \$48,300 with no bid on the walks.

Joliet Bridge company, \$40,000, and 15 per cent plus sidewalk cost.

Standard Engineering company, of Toledo, \$39,473 and 12 1/2 per cent sidewalk cost.

The Freeport firm bid was \$4,604 below the nearest competitors. As soon as the bids had been read the committee with County Superintendent of Highways L. B. Neighbour and Mayor Mark D. Smith retired to examine them. Their consideration occupied a very few minutes when Chairman Joseph Bauer of the committee announced to the various representatives the name of the successful bidder.

William H. Shonts, who represented the Freeport company stated to a Telegraph representative, that no time would be lost in starting the work. "It is hardly probable that we will be able to have any material on the site under sixty days time," he said. "I will close contracts for the material as soon as possible and expect to start work on the Dixon bridge about the first of March or as soon thereafter as the weather will permit. We will set out with a view of having the work completed by June 15, and not later than the first of July."

The Freeport company were the successful bidders on the Grand Detour bridge improvement work a few years ago and have done considerable work in this locality.

MILO JUNE GETS TERM AT STATE PENITENTIARY

Milo June of this city, who was indicted by the September term of the grand jury on a charge of larceny, for the theft of a Ford automobile in Amoy last fall, was sentenced to serve an indeterminate sentence in the state penitentiary at Joliet this morning. June was found guilty of the charge and has been in the county jail for several weeks, awaiting action of the court.

June, with other prisoners in the county jail, attempted a jail delivery last fall which proved unsuccessful. This action was taken into consideration by Judge O. E. Heard when sentence was imposed this morning. June will be taken to the state prison Monday.

Mrs. Allison is assisting at the W. E. Train jewelry store during the holiday season.

Coal dealers or others who are not conforming to the rules of distribution as set out by the Civic committee, questionable applications should be referred to the Civic committee for approval before submitted to Coal committee.

THE WEATHER

WEATHER FOR THE WEEK.

By Associated Press Leased Wire
Washington, Dec. 6.—Weather predictions for the week beginning Monday, issued by the weather bureau today, are:

Region of Great Lakes, upper Mississippi and lower Missouri valleys: Unsettled weather with occasional snows and rains and lower temperatures.

SATURDAY, DEC. 6
Chicago and vicinity: Probably snow tonight and Sunday; somewhat colder Sunday; lowest temperature tonight about 26 degrees above zero; fresh northeast to north winds tonight, became westerly Sunday.

Illinois: Unsettled weather with snow in north and central portions tonight and Sunday and in extreme south portions tonight; colder Sunday and in south portion tonight.

LOCAL TEMPERATURE

The government thermometer showed very little range in the temperature during the night, the maximum being 27 and the minimum 21.

NATION ADOPTS NEW ECONOMIES IN COAL SAVING

More Industries Close—4-Hour Day in Prospect.

By Associated Press Leased Wire
Chicago, Ill., Dec. 6.—Drastic curtailment of passenger train service throughout the country, the eastern and southern regional directors taking virtually the same action as that two days ago by the central, north and south western directors, today had been ordered as a fuel conservation measure. As the strike of bituminous coal miners entered its sixth week, optimism, operators and fuel administration workers at Washington were said to feel, was not reflected in actual favorable developments reported from the coal fields.

Expect Four Hour Day.
Additional industries today were closed down or had given notice that operation would be suspended after today, while the coal saving orders that already had put Chicago on a 6 1/2 hour business day and affected other cities of the central west, north and southwest to a lesser degree, were extended to other places. At Chicago a 6-hour day beginning Monday was decreed and it was predicted that a few days' continuance of the miners' walkout would force a four-hour day.

Only in isolated instances and in small groups were miners reported to be resuming production.

Production of coal at the Kansas strip pits by volunteer workers, increased, however, and plans were advanced for similar work in Missouri, Oklahoma and Arkansas.

Weather Is Kinder.

With moderation of the unseasonably low temperatures that prevailed over most of the country west of the Mississippi for several days, urgency of pleas for fuel apparently had diminished today. Many small cities and towns in Nebraska, Montana and western Kansas still were virtually without coal, however, and substitutes were at a premium.

The conference of governors of ten states called for St. Louis Sunday, today had been postponed indefinitely. Gov. Frederick D. Gardner of Missouri, who called it, announced the meeting would not be held until the federal fuel administration acted on resolutions the governors adopted a week ago requesting more liberal distribution of fuel in the middle west and that a fuel director for each state be named.

RAIN INTERFERES.

By Associated Press Leased Wire
Pittsburg, Kas., Dec. 6.—A heavy rain was falling throughout the Kansas coal fields today, making operation of the strip pits very difficult if not impossible.

Alexander Howat, president of the Kansas miners, Thomas Harvey, secretary and George L. Beck, international board member, were expected to start for Indianapolis today. A United States marshal was here to arrest them on the charge of contempt filed against them in the federal court.

MICHIGAN ON EDGE.

By Associated Press Leased Wire
Detroit, Mich., Dec. 6.—Unless there is an immediate betterment in the fuel situation upwards of a quarter of a million workers in Michigan face the possibility of being thrown out of work during the next few days, in the opinion of leading employers.

Regional Fuel Distributor Findlay has announced that not a pound of coal will be delivered to firms outside the five priorities and curtailment of electric sign and public lighting will commence tonight. Heat and gas as well as electric power consumers come under the drastic orders.

Gov. Sleeper has taken no further action in efforts to bring about resumption of coal production in the state since the miners yesterday virtually refused to accede to his proposition that they return to work under the 14 per cent wage increase pending final settlement.

MORE MINERS WORK.

By Associated Press Leased Wire
Cumberland, Md., Dec. 6.—All bituminous coal mines in West Virginia on the Western Maryland railroad between Piedmont and Elkins resumed operations yesterday, with sixty per cent of their normal force at work, according to reports received here today. Operators in this territory expect to be running full forces within ten days. Some coal shipments are now being made to the west.

J. W. GRAY FUNERAL HELD ON SUNDAY

The funeral of John W. Gray of Lee Center, whose sudden death on Tuesday afternoon was chronicled in last evening's Telegraph, will be held at 2 o'clock Sunday afternoon at the family residence in Inlet. Rev. Mr. Burroughs will officiate and burial will take place at Woodside cemetery, Lee Center.

GARFIELD FIRM IN REFUSAL TO INCREASE PRICE

Says Government Will Not Allow Operators to Raise Prices.

By Associated Press Leased Wire
Washington, D. C., Dec. 6.—Not one cent can be added to the price of coal to finance any increases in the wages in the wages of miners, Fuel Administrator Garfield declared today after reading press dispatches that Gov. Cox, of Ohio, had proposed that miners and operators in that state compromise on the basis of a 25 per cent advance in pay for the men. Dr. Garfield indicated that the government would interpose no objection if the increase could be given without advancing coal prices.

Coal Prices Stand.
"There will be no increase in the present price of coal," fixed under the Lever act," Dr. Garfield said, "no matter what local arrangements and agreements are put into effect."

He added that his position was absolutely unchanged from that taken on November 26th, with the authorization of the cabinet. Dr. Garfield explained then, in suggesting the 14 per cent advance, which the miners promptly rejected, that he was not fixing wage scales, and had no authority to do so. He indicated that the increase suggested merely that which the operators were able to grant without advancing the price of coal which the government has fixed.

ALL MINES CLOSED?

By Associated Press Leased Wire
Washington, D. C., Dec. 6.—All bituminous coal mines now in operation must close within a week unless the railroad administration agrees for the coal it has confiscated or diverted, said a statement today by the American Wholesale Coal Association.

Roads Won't Pay.

The association said the railroad administration had refused to pay for the coal until a price it considered fair had been fixed by fuel Administrator Garfield had refused to change his price ruling.

Miners which will be affected, the statement says, are producing now 400,000 tons of coal per week, the sole supply for the nation in the present crisis.

"If the mines are to continue to produce coal they must have money to meet their payrolls," said the statement. "The railroad administration is taking 60 per cent of this coal. It has paid for no coal and refuses to pay until a price which bituminous coal is fixed by Dr. Garfield. Dr. Garfield has refused to change his price rulings. So long as this deadlock continues, coal mines can get no money for coal which has been mined and shipped."

OIL PROFITEERS.

By Associated Press Leased Wire
Washington, D. C., Dec. 6.—Prosecution of western oil products for alleged profiteering was ordered today by Attorney General Palmer. On complaint filed by Senator Capper, of Kansas, federal agents were instructed to proceed at once against producers who have taken advantage of the fuel shortage in the west to increase the price of their product.

Simultaneously the railroad administration established an embargo, effective Monday, against shipments of fuel oil from the west to points east of Chicago and St. Louis. This action, it was explained, was necessary to conserve the small supplies of coal available for the territory west of the Mississippi river and to compel, where possible, the use of fuel oil instead.

Have Increased Prices.

Oil producers, Senator Capper said, have increased their prices from about \$1 a barrel before the strike to nearly \$4.50 a barrel. Declaring that scores of industrial plants in the west had converted their fuel equipment for oil consumption since the strike began, Senator Capper said the increase in oil prices has placed a burden on them.

Operator's Car Hits Striker's Sister

By Associated Press Leased Wire
Lincoln, Ill., Dec. 6.—Miss Margaret Springer, 45 years old, sister of a striking miner, died today of injuries received last night when she was struck while crossing an unlighted street by an automobile driven by Harold Wright, president of the Lincoln Latham Mining Co. Street lights have been discontinued as a fuel conservation measure.

A TRUE "PIONEER."

Conductor Jack Lowrey of the S. D. & E. is of the opinion that residents of Hennepin avenue, owe him a vote of thanks. He was the first man out on that street this morning and modestly admits opening the path for all followers with his trusty "thirties."

SIGN PROTOCOL OR MILITARY IS TO ACT--ALLIES

Supreme Council Demands Germany Sign or Army Will Move.

By Associated Press Leased Wire
Paris, Dec. 6.—In a note drafted by the Supreme Council today it is demanded that Germany sign the protocol providing for the carrying out of the peace terms, failing which the allies, it is set forth, will be obliged to have recourse to military measures.

DECIDE ON NOTE.

By Associated Press Leased Wire
Paris, Dec. 6.—The text of the reply to be made by the allied and associated powers to the latest communication from Baron Kurt von Lersner, head of the German peace mission, regarding the original allied demand for the signing of the protocol putting the peace treaty into effect, submitted to Germany on Nov. 1, was unanimously adopted by the Supreme Council today. Premier Clemenceau presided over the session.

Baron von Lersner's communication, which was received by Premier Clemenceau Thursday, declared the allies were misinformed regarding their complaint that Germany was exceeding by far the limit of military forces permitted her under the treaty. Von Lersner declared that the German government had never sought to conceal the fact that the creation of detective police forces and civic guards would be necessary, and that the German government was prepared to submit proofs to General Nollet, head of the entente commission of control in Berlin, that these organizations were permissible under the treaty.

Germany, added the German plenipotentiary, was ready to discuss the question immediately with the allies, but he believed that such an offer was the best proof that she was not seeking to avoid carrying out the treaty terms.

Charge Troops Created.

The text of Premier Clemenceau's note to Von Lersner concerning the excessive German armament complained of, which was made public today, shows that Germany was charged, in addition to the formation of the Reichwehr (imperial defense troops) with organizing the Sicherheitspolizei (security police) and the Volksturm (emergency volunteers), which are declared to be virtually military forces. It summons Germany to reduce her force strictly to the limits of the treaty.

The council today took under consideration Germany's express wish that customs payments on goods entering Germany by land be made in gold, as set forth by a clause on goods sent by sea. The decision was postponed until the peace treaty is put into force.

Allies Refuse Request.

It was explained that the allies declined to accord such an advantage to Germany, holding it incompatible with the putting of the treaty into force and with the unfavorable economic measures she was practicing, especially her prohibition upon importations of numerous articles.

U. S. WARNS BERLIN.

By Associated Press Leased Wire
Paris, Dec. 6.—(Havas)—Germany will be called upon in a rigorous note which the Supreme Council of the Peace Conference will complete today to yield immediately to the allied demand that the protocol of the Versailles treaty be signed, according to the Excelsior. The newspaper says it has reliable information that Washington has advised Berlin to adopt a more conciliatory attitude.

If ratification is not completed by Dec. 31 says the Echo de Paris, certain clauses of the pact will be rendered inoperative and the allies will be obliged to submit to Germany a new protocol, which will result in still further delay.

ARREST 75 AFTER HOUSE IS DYNAMITED

By Associated Press Leased Wire
Pittsburgh, Pa., Dec. 5.—Seventy-six men, said to be striking steel workers, were arrested at Donora, Pa., today when troopers of the state police and county officers raided steel strike headquarters. The raid followed the explosion of a charge of dynamite under the residence of Felix Burkhardt, a workman, according to information received here.

INDEPENDENT GOVERNMENT.

Vienna, Dec. 4.—(Delayed)—An independent government has been set up in Hermannstadt in the occupied district of Transylvania and all its members have been arrested by the Rumanians, according to dispatches from Bucharest. All 268 arrests were made including many clergymen.

Fifty thousand Rumanian troops have been recalled from the Bessarabian front and sent into the Hermannstadt district.

ELKS MEMORIAL.

The Dixon Lodge of Elks will hold their memorial services tomorrow afternoon at 3 o'clock.

PERMISSION TO KEEP OPEN 'TIL 9 O'CLOCK GIVEN

Utilities Commission in Telegram Settled Controversy.

BUSINESS HOURS IN DIXON.

Business hours in Dixon until further notice are:

Retail stores in downtown district—11 a. m. until 5:30 p. m. Open on Saturday until 9 p. m.

Stores in outlying districts—10 a. m. until 6 p. m. Open Saturday until 9 p. m.

Offices, banks and other places of business, including all office buildings—9 a. m. until 3:30 p. m.

Factories, workshops, industrial establishments, wholesale businesses, storage warehouses (cold storage plants excluded) from 9 a. m. until 3:30 p. m.

Restaurants, bakeries, meat markets, food stores, hotels, doctor's offices, drug stores, moving picture shows, etc., are under no restrictions at present but are expected to exercise every possible economy in light, fuel and power.

Out of the confusion of orders from the Illinois Public Utilities Commission and the various interpretations given those orders by local authorities, it has been definitely established that the retail stores of Dixon may remain open until 9 o'clock this evening, the following telegram from the Utilities Commission in response to an inquiry by the Evening Telegraph, received last night giving official ruling on the Saturday night controversy:

Evening Telegraph, Dixon, Illinois.

Commissioner's ruling intended to permit service to all retail stores until 9 o'clock Saturday night.

PUBLIC UTILITIES COMMISSION.

Until this telegram was received it was believed that Dixon retail stores would be forced to close at 5:30 o'clock this evening as on other nights, since E. D. Alexander, vice president and general manager of the Illinois Northern Utilities Co., said there was nothing in the only orders he had received from the Utilities Commission permitting his company to furnish power to such establishments after the earlier hour.

However, during the night, the state commission issued new orders for Chicago stores, permitting them to keep open until 9 o'clock this evening, and this fact, together with the Telegraph's message from the commission warranting the local utilities head in assuming that the modified instructions was also applicable to Dixon. In fact Mr. Alexander stated that if other communities were to be permitted to have an open Saturday night he felt that Dixon should have it too and he would do nothing to prevent the concession.

Gradually Dixon factories, stores and offices are adopting themselves to the state's orders. Most of the proprietors of the various lines of business excepted under the general orders have reached agreements, and the manufacturing industries are arranging to follow the state plans which will result in the greatest economy in fuel.

The Universal Oats Co., whose products require continuous operation when started will close down two days each week, instead of adopting the six and one-half hour day, the plant closing Friday morning and remaining closed until Monday morning.

Grocers Reach Decision.

The grocers and meat dealers of Dixon, numbering 16 gathered at the city hall yesterday afternoon, meeting with Mayor Mark D. Smith in an effort to reach some agreement as to the hours of opening and closing so as to abide by the ruling of the state public utilities commission. The meeting was a stormy one and opinions differed widely. The mayor urged that the question of profit be excluded from the minds of the merchants and that they take into consideration the seriousness of the coal situation.

After some debate in which those present suggested various hours of closing, K. J. Reed offered a motion that the hours for opening be 8 o'clock in the morning with closing at 5:30 in the evening, and 9 o'clock on Saturday evenings. When voted upon, nine were in favor of this action and seven were opposed. Immediately, those opposed started an argument in favor of their own views, two of the grocers leaving the meeting. Merchants in outlying districts were not in favor of these hours and protested strongly. The mayor expressed himself as being of the opinion that certain of the grocers were unfair and did not show a spirit of conservation in this critical time.

Druggists' Hours.

The proprietors of the city drug stores met separately from the grocers and banded in a written report to the mayor. They voted to open their places of business at 9 o'clock in the morning and close at 6 in the evening, remaining open Saturday night until 10 o'clock. The druggists also announced that

LOWDEN OFFERS GARFIELD PLAN TO END STRIKE

Believes Agreement of 22 Per Cent Increase Can Be Made.

Chicago, Dec. 6.—Lieut. Gov. Oglesby of Illinois today was in Washington to present to fuel administration and other federal officials information regarding the condition in Illinois and nearby states brought about by the strike of bituminous coal miners and, according to local information, a plan for possible solution of the trouble.

Compromise Possible.

Gov. Lowden of Illinois, it is understood, has received intimations that the miners and operators are anxious for an agreement to be reached and that the miners, of Illinois, at least, are willing to recede from their flat demand for a 31 per cent increase. The operators, the governor has been told, are not averse to increase beyond 14 per cent the miners' wage scale, 22 1/2 per cent being fixed as about the maximum.

ILLINOIS READY.

Springfield, Ill., Dec. 6.—A settlement of the strike of bituminous coal miners in Ohio and western Pennsylvania would be followed quickly by a settlement in the Illinois field Frank Farrington, president of the Illinois miners, said today.

Sees No Prospect.

Reports of an early settlement of the strike in Ohio were discounted by Farrington who said he was "disinclined to believe the rumors to be true for the reason that the Ohio and western Pennsylvania mine workers could not enter into an independent settlement without violating the national policy formulated by the Cleveland convention. We cannot conceive of their doing this."

"But should they transgress the policy formulated by the Cleveland convention the Illinois mine workers will make a settlement with the Illinois operators on exactly the same terms as may be accepted by the mine workers and operators of Ohio and western Pennsylvania."

Conferred with Lowden.

Farrington said he had nothing to say regarding his conference with Gov. Frank O. Lowden of Illinois at Chicago yesterday. He expressed the belief that sectional agreements to settle the strike are improbable and said he believed the miners would stand firm for a satisfactory settlement of their demands in all fields.

There were no signs of a break in the complete tie-up of mining in Illinois today. Communities were grappling with the fuel shortage and attempting to distribute a meager fuel supply so as to prevent suffering in homes.

CHICAGO HAS PLAN.

By Associated Press Leased Wire
Chicago, Dec. 6.—War on profiteering and further adjustment of conditions for a continued battle against the coal famine on the part of the public, were the main developments in the coal crisis today.

Federal agents received the instructions from Attorney General Palmer to investigate complaints from the west that western oil producers had taken advantage of the situation to raise the price of their product. Prosecution will speedily follow proof, it was assured. Another step toward the protection of the west was the order issued by federal authorities prohibiting the shipment of fuel oil to points east of St. Louis and Chicago.

Propose Armistice.

A delegation of business men left Chicago for Washington this morning with a plan which they hope offers a solution. Their plan provides that union leaders shall order the miners to return to work, as a patriotic duty, on the basis of the 14 per cent increase. A national arbitration committee would then be appointed to make an investigation of all phases of the situation and render a decision which would be binding on both sides of the controversy.

SNOW IN NORTH.

Milwaukee, Wis., Dec. 6.—A snow storm is general throughout Wisconsin and the northwest today, and the forecast officials said it probably would last for about 24 hours. About six inches has fallen in Milwaukee up to 9 o'clock this forenoon. The temperature was mild and there was little wind. Slightly colder weather was predicted for Sunday.

Emergency calls would be cared for by patrons telephoning to their homes as has been a practice in the past.

Garage owners were represented at the meeting but took no final action. All who were present were favorable to discontinuing the sale of automobile tires and other accessories after the hours that the accessory stores will be closed.

City Clerk's Office.

Special hours will be observed at the city clerk's office in the city hall. The office will be open from 9 o'clock in the morning, closing at 3:30 in the afternoon until further notice.

AMUSEMENTS

"THE TRAIL OF THE LONESOME PINE"

Millions of delightful readers know June, the primitive, ever charming mountain girl of the Virginia Hills, the heroine of the famous novel by John Fox, Jr., "The Trail of the Lonesome Pine." These same readers have received with acclaim the announcement of the dramatization of the novel by a famous dramatist, Eugene Walters, and are but waiting to see June and John Hale in the flesh.

Not one of the men who have fol-

lowed June from her cabin in the hills through all the vicissitudes of her fight for love over feudalism, can afford to miss actually seeing what their imaginations have pictured.

"The Trail of the Lonesome Pine," as masterfully dramatized has proven one of the greatest successes of years. The dramatist has faithfully mirrored the delightful scenes of the book. Long runs and the greatest business of last year greeted the play in Boston, New York and Chicago.

Elaborate stage settings and the strong New York company presenting the play assure it of such success as all would wish the charming June herself. Jane Ware is seen in the role of the primitive mountain girl.

"The Trail of the Lonesome Pine" appears at the Dixon opera house Thursday, December 11.

Eddie Lewis will hold a closing out sale at his home south of town next Wednesday. He intends to quit farming and move with his family to California to make their home.

Last Thursday, Thanksgiving Day, was a big day for our town as it was the day in which the returned soldiers and sailors were honored. With the exception of about a half-dozen of Wyoming boys, all registered, and a large number from the vicinity and some from out-of-town were present. At ten o'clock they assembled at the registration building and at 10:30 o'clock went in a body to the Presbyterian church, where Rev. J. R. McMahon delivered a fine sermon to them. After dinner the boys were grouped and a photograph of them taken by a photographer, who came for that purpose. At 2:30 a football game was played between Ottawa and Streator, with the latter victors. A first-class picture show was put on in the opera house from 2 until 6, when a four-course banquet was served to the boys and one guest for each. Senator Adam Cliffe, of Sycamore, delivered the address of the day in the opera house at 8 o'clock. This was followed by the dance. The Amboy land furnished the music of the day. The town was beautifully decorated. Some skillful work and a great expenditure of labor was shown in the beautiful appearance of the dinner hall, opera house, and the town in general. The day was a great success.

MISCELLANEOUS SHOWER—

Tuesday evening, November 25th, in DeKalb, forty guests assembled at the home of Mrs. Clyde Holderness in response to invitations from Mrs. Holderness and Miss Amy Duffey, of Waterman, to a shower honoring Miss Laura Jarboe. The affair was a surprise to Miss Jarboe, who entered Mrs. Holderness' home to find forty friends to greet.

Masses of hearts and white and yellow chrysanthemums were used in the decorations. The flowers were the gift of the guest of honor's sister, Mrs. Floyd Shoop, of St. Louis. Little Don Cupid hung conspicuously from the chandeliers.

The early evening hours were spent making holders for the bride. After they were completed Miss Duffey announced that a presentation poem would be read by Mrs. T. A. Hobbs. The poem was contained in a fruit jar labeled "Preserved Hearts," and was inscribed on a red heart dedicated to Miss Jarboe and her betrothed, Clayton Coon, of Steward. The closing lines were: "Come let us one and all ere we go, shower our hearts on Laura Jarboe." At this conclusion the doors of the dining room were opened, disclosing an umbrella suspended from the chandelier, filled to overflowing and the table below buried beneath wonderful gifts of a miscellaneous nature, including kitchen implements, aluminum ware, Pyrex ware, cutglass, silver, handpainted china, a small rug, and various other articles. Messages of love and advice accompanied the gifts and were read one by one. Serving of a delicious two-course luncheon by the hostess, assisted by Mrs. Harry Jarboe, of Aurora, concluded the evening's festivities.

Guests from out-of-town for the affair were Miss Hazel Barr, of Waterman, Mrs. Harry Jarboe and Mrs. Frank Rhodes, of Aurora, Mrs. E. E. Bowles, of Creston, Mrs. Fred Blackmore and daughter, Miss Bessie, of Creston, Mrs. William Horan, of Carlton, and Mrs. Floyd Casper, of Rochelle.

CLASS TO PACK BOX—

Those wishing to contribute old clothing of any kind or size and toys, etc., to the Christmas box of the Philathea Class will please leave same at Grace church before next Monday or notify one of the members of the class and same will be called for. This is the 9th or 10th year a box has been sent. M. A. Messlein, of Chicago distributes the same among the needy there.

The Philathea class will meet Monday evening, Dec. 8 at 7:30 at the home of Mrs. Carl Hess. Following the monthly business meeting the box will be packed.

PLAN CHRISTMAS PARTY—

The members of the Inter Nos Circle planned for a Christmas party in the meeting at the home of Mr. and Mrs. A. L. Leydig on Thursday afternoon. The affair is to be a dinner at the home of Mr. and Mrs. Curtis Rice on the evening of Dec. 18th. Fancywork occupied the members in the afternoon. Instead of the usual club luncheon, Mrs. Leydig served a supper, to which the husbands of the members were invited.

CARD PARTY—

Miss Pauline Hoberg entertained recently with a card party. Progressive Five Hundred was the game. Mrs. Grover Hoberg won the ladies' royal and Fred Hoberg the gentlemen's prize. A delicious two-course luncheon was served at the close of the games.

OLD AMBOY BUSINESS BLOCK HAS BEEN SOLD

With the sale of the Badger block in Amboy last week to James Lynch the building which was erected many years ago by Badger & Badger, pioneer business men of that community, passed out of the possession of the family, and the name which was so familiar in Lee county business circles for many years passes on. The block is the original Badger block, erected by Simon and Chester Badger, now deceased, and for the past fifteen years it was in the possession of P. D. Badger, of Pasadena, Calif., and Miss Cornelia Badger of Amboy, who negotiated the sale to Mr. Lynch.

FINE ORATOR WILL DELIVER ADDRESS

Judge James H. McGilligan who will deliver the address at the Memorial exercises of Dixon lodge No. 779 B. P. O. Elks at 3 o'clock tomorrow afternoon, is reported to be one of the most eloquent of Wisconsin's jurists, and his reputation insures those who attend the services, the program for which was published earlier in the week by the Telegraph, a worthy oration. It is desired that the attendance be large and all friends of the order are cordially invited.

Harvard Wants Game with Illinois 1920

By Associated Press Licensed Wire
Urbana, Ill., Dec. 6.—The athletic committee of the University of Illinois had before it today a request from Harvard for a place on its football schedule next fall. Harvard desires to play the game at Cambridge on Oct. 23, according to the communication.
The question of accepting Harvard's invitation, it was said, depended somewhat on the Illinois schedule with western conference teams, which is expected to be drawn up at a meeting of athletic directors and coaches in Chicago today.

THE DISEASE ITSELF

While dealing with questions of
strikes, lockouts and arbitration, it is
well to look deeper. These are only
symptoms of industrial disease, not the
disease itself. Moreover, they are de-
ceptive symptoms. As Herbert Hoover
pointed out in a recently published
statement, they "presuppose a conflict
of interest," when as a matter of fact
there is no necessary conflict. The solu-
tion, as Mr. Hoover remarks, is to be
found in a "community of interest."

"It is hopeless to seek a solution if we
are to set these people up as different
classes fighting each other. The worker,
the administrator and the employer are
absolutely interdependent on one an-
other in this task of securing the maxi-
mum production and a better division
of its results.

"We must find in the relationship of
employer and employee some common
bridge of actual, individual self-interest
in the maintenance of production and
the elimination of waste. We must have
a contribution on both sides of their full
energy, their full intelligence and their
full responsibility.

"Maximum production does not lie in
the abandonment of the individual re-
ward for effort and intelligence. It lies
in a proper stimulation of these qual-
ities of skill and effort, and their stimu-
lation by the only stimulant that is
constant in the human character, and
that is, enlightened self-interest."

The big industrial conference at
Washington was wrecked because it
dealt with the mere symptoms, and never
got down to real consideration of the
disease itself. Other conferences will
fail likewise unless they go at the mat-
ter differently. Mr. Hoover's sugges-
tions, which are along the line of those
given by John D. Rockefeller Jr., are
many other thoughtful students of eco-
nomic conditions, will stand a great deal
of careful study, especially by the ex-
treme conservatives of capital and the
extreme radicals of labor.

Industrial warfare is more absurd
than international warfare. There is no
more reason in the nature of things for
capital and labor to fight than for a
man's right hand to fight his left. Sure-
ly it is not beyond the power of the hu-
man intellect to devise a plan whereby
brain workers and hand workers, those
who possess and those who desire to
possess, may help each other instead of
hindering each other, and thereby help
themselves.

SLAYER OF CZAR AND FAMILY HAS BEEN EXECUTED?

By Associated Press Leased Wire
Copenhagen, Dec. 6.—The Soviet au-
thorities in Russia have punished by
death the individual held immediately
responsible for the execution of former
Emperor Nicholas and his family at
Yekaterinburg in June 1918, when the
Czech-Slovak troops were approaching
that city, where the imperial person-
ages were then being held prisoners, ac-
cording to a dispatch to the Politikon
from Kovno today.

A message quotes the bolshevik news-
paper Pravda of Moscow as authority
for this statement. The Pravda's ac-
count states that M. Jenukoff, a mem-
ber of the Yekaterinburg Soviet, has
been condemned to death and executed
at Perm for ordering the execution.

NO COMPULSORY MILITARY TRAINING

By Associated Press Leased Wire
Washington, D. C., Dec. 6.—No pro-
vision for compulsory military training
will be contained in the army re-organi-
zation bill as it comes from the house
military committee, it was announced
today at the committee meeting.

As tentative agreed upon, the re-or-
ganization bill will provide for 300,000
officers and men, the number suggested
by Gen. Pershing, who also urged that
a universal reserve be established for
call in the event of war. The war de-
partment recommended an army of
529,000.

CHRISTMAS SEAL SALE FOR COUNTY'S HEALTH STARTS NEXT MONDAY

Most Intensive Campaign in
Seal History Opens
Here.

"The most intensive and far reach-
ing Christmas Seal sale ever carried on
in the north part of Illinois, outside of
Chicago, will open in full blast next
Monday," said Attorney Mark C. Kel-
ler, chairman of the committee which
will carry on the drive. "Everything
is in readiness for the opening of the
sale. Lee county must reach its mod-
est minimum quota of considerably
less than \$4,000 if the work we have
in hand for 1920 is to be effectively car-
ried on.

"The Christmas Red Cross Seal is a
messenger of health and happiness. I
am told that it was first put on sale
in 1907 by the Red Cross, and that only
a few thousand dollars were raised that
year. The next year the little health
messenger was better known and it
made a great sale. There was no sale
in the United States last year, for the
war was on and the Red Cross made an
appropriation to the National Tubercu-
losis association to enable it to carry
on its intensive fight on tuberculosis.

"There have been many worthy
drives and campaigns for the raising of
funds in Lee county during the past
few years, but this one is just a little
different—in that the greater part
of the money raised here stays
right with us to carry on the tubercu-
losis fight in Lee county, providing we
raise our quota. Lee county is big
enough, is prosperous enough and has
a tuberculosis problem large enough to
enlist the active support of every pub-
lic spirited citizen in this campaign.

"I am told by the department of pub-
lic health that the cost of communica-
ble diseases in Illinois last year was
approximately \$155,000,000. And tubercu-
losis alone cost the state more than
\$114,000,000. Tuberculosis is both pre-
ventable and curable. It can be cured
right here in Illinois, say the best
physicians. The department of public
health says there were more than 6,000
miles of funeral last year—funerals
from communicable diseases and not in-
cluding the victims of the influenza
epidemic of the closing months of the
year. Surely we want to do something
worth while in Lee county to properly
look after the health of our citizens.

"It is the intention to use every
school boy and school girl in this sale,
sending them out after the adults have
finished their task. It is for the
health of Lee county that this appeal
for support is made. Will you help the
committees at work to make this sale
that is for the health of our very homes
an unqualified success. Former Christ-
mas Seal sales in Illinois outside of Chi-
cago have made possible the work of 45
community nurses, 40 county sanator-
iums, the establishing of 35 free clinics
and the organizing of more than 500,000
school children as Modern Health
Cruisers. This Christmas Seal sale
should in no way be confused with the
work of the county sanatorium board.
The funds realized from this sale will
be used to carry on health education
and tuberculosis work in Lee county.

INVESTIGATIONS OF RELEASE OF JENKINS IS ON

By Associated Press Leased Wire
Washington, Dec. 6.—The American
government has not changed its atti-
tude on the Jenkins case and had no
part in obtaining his release on bail.
Secretary Lansing declared today in
denying vague rumors that the State
Department had unofficially "passed
the word" to the embassy at Mexico
City to see that the consular agent was
liberated on bond.

The State Department, it was said,
has not yet been advised officially that
Jenkins was released on bail. It received
word today that Jenkins himself
did not know until after he was liber-
ated that bond was furnished and that
he is conducting an investigation on his
own account to determine who was re-
sponsible for his liberation.

Officials refused to comment on re-
ports current here that J. Walter Han-
sen, who furnished the \$500 bond, was
acting for Luis Cabrera, minister in fi-
nance in Carranza's cabinet. They are
awaiting reports on this from the
American embassy at Mexico City.

Arrest Wallace Murderer

An official report to the State De-
partment today said the Carranza sol-
dier who shot James Wallace, an Ameri-
can oil man, near Tampico, recently,
had been arrested. No other informa-
tion was given in the dispatch.

The State Department later issued
the following statement regarding the
release of Jenkins:

"American Consular Agent Jenkins,
at Puebla, has reported that he was re-
leased from the penitentiary at mid-
night, Dec. 4, but that he was not ad-
vised regarding the reasons for his re-
lease. It is evident from Mr. Jenkins'
report that he had no knowledge of bail
being furnished. The department is in-
vestigating the facts regarding the
furnishing of the bail and at whose in-
stance it was furnished."

AGED WOMAN IS CALLED TO REST EARLY THIS A. M.

Mrs. Margaret Nettz, one of Dixon
oldest citizens, passed away at 4:45 o-
clock this morning at the home of her
daughter-in-law, Mrs. Anne J. Nettz,
609 North Galena avenue, after a short
illness, death resulting from the in-
firmities of her age, 93 years and three
months.

Mrs. Nettz was born in Washington
county, Maryland, Sept. 1, 1826. She
was married to Henry Nettz, Jan. 21,
1845, and they came to Illinois in 1850,
making the journey overland. They
settled in Pine Creek, where they lived
until her husband's death, Dec. 5, 1900.
Nine years later, in 1909, Mrs. Nettz
moved to Dixon and this city had since
been her home. She was the mother
of six sons: Theodore, who died in
1866; Edward A., who passed away in
1905; Ortha J., who died in 1913; John
R., Samuel B., and Daniel B. who sur-
vive. One brother, George Smice, of
Dixon, also mourns her passing.

Funeral services will be held at the
Pine Creek Christian church, of which
she was a member, Monday afternoon
at 1:30 o'clock, with short services pre-
ceding at her late home in North Dix-
on at 1 o'clock. Rev. D. F. Syster
will officiate and burial will be at Ever-
green cemetery.

GIVE CLEVER PRESENTATION

The young people of the Zion church
presented a most entertaining play,
"An Arizona Cowboy," Friday evening
in the basement of the Zion church to
what was literally a packed house.
There was not an inch of standing
room in the church and still others
demanded admission when the perform-
ance began. The manner in which the
different characters presented the
parts would have done credit to pro-
fessionals and from beginning to end
the interest of the audience never
waned. The Nelson orchestra furnish-
ed excellent musical numbers between
acts and youths, dressed as cowboys,
pied a very profitable trade selling pop-
corn to the audience. Lunches were al-
so sold after the entertainment, addi-
tion to the excellent sum netted from
admissions.

Besides the people in the vicinity of
the church there were large delegations
from Nachusa, Dixon and Sterling.

ATTENDED PLAY

Mr. and Mrs. Robert Wadsworth and
the Ira Currans family, of Nachusa,
John Moyer, John Sterling, Mr. and
Mrs. Harrison Wadsworth, Mr. and
Mrs. Homer E. Senneff, Mrs. James
Feldkircher and Mr. and Mrs. Tobias
Switzer, Miss Ruby Seroock, of Dix-
on, Arthur Landis and people, Mr. and
Mrs. Roy Feldkircher, of Sterling were
among those attending from a dis-
tance the play given by the Zion church
young people last evening.

Monthly Report Lee Co. Testing Assn.
No. 2 Made By R. E. Sherman, Tester

Forty-three cows, twelve per cent of the total number of cows tested in Lee County Cow Testing Assn. No. 2 last month, made honor roll requirements; that is, they produced more than 40 lbs. of butter fat, or more than 1000 pounds of milk during the month. The majority of the members of the association are feeding high protein feeds in the form of oatmeal or cotton seed meal. Five carloads of alfalfa were purchased by members and a carload of oil meal was unloaded at Amboy at \$78.55 per ton, showing that it pays the farmers to buy co-operatively. Two milking machines were also purchased by members of the association during the month.

The owners of and the records of the five highest butter fat producing cows for November were:

Breed	Mo.	Milk	Test	Fat
C. Sartorius—				
G. H. M.	1329	4.3	57.1	
J. Nicholson—				
G. H. M.	1059	5.1	54.0	
Leake & Schmidt—				
G. H. M.	1416	3.6	50.9	
C. J. Harrington—				
G. H. M.	1320	3.7	48.5	
Green & Vaughn—				
P. B. H. M.	1239	3.7	45.8	
Cow No. 14, owner by C. Sartorius of Amboy, is the highest producer of butterfat, making 57.1 pounds. She received a ration of 8 pounds of corn and cobmeal, 4 pounds of ground oats, 4 pounds of ground barley, 1 1/2 pounds of				

oil meal, 3 pounds of mixed hay and 40 pounds of silage daily.

The highest producer of milk was a G. H. owned by C. J. Harrington of Dixon, with 1518 pounds of milk to her credit for the month. In October she produced 1519 pounds. She was fed 16 pounds of alfalfa, 3 pounds of bran, and 8 lbs. of ground feed per day.

The five highest producing herds in the association for the month were:

No. in No. in	Breed	Milk	Ave. Fat	
16	10'	G.H.	1065	37.5
7	6	G.H.	1185	35.5
13	6	G.S.	912	34.1
14	12	G.H.	924	31.3
25	15	Mix	750	27.1

The highest producing herd is that of Harold McCleary of Dixon. They received a ration of 4 pounds ground oats, 8 pounds corn and cob meal and 20 lbs. of silage daily.

A synopsis of the work of the tester for the month:

No. cows tested	359
No. cows freshened	60
No. unprofitable cows	38
No. unprofitable cows sold	5
No. pure breeds purchased	4
No. grades purchased	26
Price for milk per cwt.	\$2.60

Maude Tabor Death Still a Mystery

By Associated Press Leased Wire
Lawton, Mich., Dec. 6.—County Prosecutor was today awaiting word from Yerka, Calif., as to whether Mrs. Lester Tabor and Walter Tabor, mother and brother of Miss Maud Tabor, prominent teacher in this state and the west, would return here voluntarily as witnesses at the inquest over Miss Tabor's body, which was found buried in the basement of the family home here last Sunday.

Upon the testimony of the mother and brother, who were taken into custody yesterday, the authorities base their hope of clearing up the mysterious disappearance of Miss Tabor four years ago. The inquest now stands adjourned without the cause of the woman's death being revealed.

A telegram from Sheriff A. S. Calkins stated that Tabor declared he knew nothing of the circumstances surrounding his sister's death, nor of the finding of her body, except what he had read in the newspapers. With his mother, Tabor said, he had been visiting another sister in Oregon, and since leaving there had motored southward in search of a small ranch they planned to settle upon.

29 Sailors Shot to Save the Fatherland

By Associated Press Leased Wire
Berlin, Friday, Dec. 5.—First Lieut. Marlow, who is being tried on a charge of having ordered executed 29 sailors on March 11 last, succumbed to pressure and "violated his love of truth and order to save the Fatherland" according to witnesses testifying in the case today.

One witness asked the judge to permit him to testify in secret but this was refused and he then declared that Lieut. Marlow had told him that Field Marshal von Hindenburg had said the shooting of the sailors had "saved Berlin from a great misfortune."

Price of Women's Clothing Stays Up

By Associated Press Leased Wire
Cleveland, O., Dec. 6.—Lower prices of women's clothing will be possible only when productiveness of labor increases, demand for finer grades of wool recedes and styles are adjusted to the supply of fabrics.

These assertions were made by speakers before the annual meeting of the National Cloak, Suit and Skirt Manufacturers Association here.

As a means of adjusting styles to the supply of fabrics, a resolution was adopted calling for co-operation between makers and producers.

Aged Ex-Empress of France Wanders Thru Gardens of Old Days

By Associated Press Leased Wire
Paris, Friday, Dec. 5.—With bowed head and with face of infinite sadness, modestly dressed old lady was seen walking through Tuileries Gardens today. As she walked she would stop to pick autumn flowers, seared and blasted by the cold, but no more faded than her cheeks.

Passersby, seeing her and knowing the regulations of the park, expected some policeman to admonish her, but she passed on followed by a single maid, unchecked by the uniformed representative of the law.

It was the once proud Empress Eugenie who, bowed beneath the weight of 93 winters, thus plucked withered flowers from a garden that was once hers. She was revisiting a scene recalling all the happiness, sorrow and terror which came to her during the years she was the chief jewel of the old palatial mansion.

She is in close seclusion in her apartments, refusing to meet any newspapermen and seeing only a few of her old friends.

St. Louis Citizens Buy Booze By Gallon

By Associated Press Leased Wire
St. Louis, Dec. 5.—All sorts of intoxicants were sold freely here today following the order of Federal Judge Farris yesterday temporarily restraining United States district attorney and the collector of internal revenue from interfering with the sale of such beverages.

Thousands of gallons of whiskey and wines were disposed of, and it was a common sight to see persons boarding street cars with large earthen jugs and bundles of quart bottles.

Whiskey wholesaler at from \$17 to \$23 a gallon, according to the proof, and saloons sold potent at 50 to 55 cents a drink, "pour it yourself." Bottled goods retailed at an average of \$10 a quart.

Judge Farris' decision immediately released 50,780 gallons of tax-paid whiskey, valued at \$475,000. Plaintiffs in the suits, it was said have 100,300 more gallons stored in bonded warehouses that, according to the decision, must be released immediately on payment of the government tax.

J. H. McCoy, of Nelson, was a business caller Thursday.

SANDRA THE JEALOUS

By JANE PHELPS.

A PERFECT UNDERSTANDING

CHAPTER XLIV

"What do you mean?" Everett repeated, holding me closely. "I do not love you? How can you say such a thing?"

"Because it is true," I sobbed.

"Sandra, try and quiet yourself and tell me why you think I do not love you. Please, dear?" again he wiped my eyes tenderly, and waited.

"I—don't—dare—"

"Don't dare! I do not understand. Surely you are not afraid of me? You weren't before dinner when you were suspicious of me."

"That was different. But Everett, I have loved you so—almost ever since we were married—and it has hurt me so."

"What has hurt you?"

"Sandra, will you stop crying and tell me what you mean?" he spoke in a voice I never had heard. One that seemed to hold a note of anxiety, and something very like desire.

"I'll try, Everett," I gulped down my sobs, desperately frightened, but determined to tell him. Perhaps if I did I would stop thinking of it—my only thought.

So I told him of all I had felt since I married him five years before. How at first it was Leola's picture, then other things. Of my resemblance to her, which everyone told me of—my coloring—and his buying me the same colors in clothes and in jewelry he had bought her. How the talk of these things hurt me.

Then I told him of my other jealousies. Of Irma and the others. Finally I spoke of finding the letters—of which he knew—and how the reading of the two had made me so miserable that even my curiosity would not let me read any more. When I recalled all the little things which I have here narrated that made me miserable up to the time I found the note he had written Leola—that note which, so long ago, she had pinned in the bosom of her ball gown.

"That hurt worst of all," I told him. "You have never said anything like that to me, never once. Then I knew for sure that you never had loved me. Up to that time I hadn't been quite sure. I thought perhaps it was because you were dignified and older than I, and you never said things like that to me—like Duane Sloane says to Alice; and now Irma's husband, he's as old as you, says to her. But after I found that I knew you never

er would love me. That's the reason I have been depressed, and couldn't tell you what was the matter—I was ashamed to tell you." I hid my face against his bosom, I could not look at him after what I had confessed.

Suddenly I heard a sob, or something very like it. His arms closed even more tightly around me, and he was murmuring words of love over me.

"My precious, precious little wife!" he said it over and over. "To think you have been unhappy because you imagined I didn't love you! Why, my darling, I was afraid to show my love for you to the extent I wanted to, for fear you would think me a silly old fool. Your young friends had made fun of me as an old man until I really felt you looked upon me in the same light. For five years dearest, I have held myself in check for fear I would shock, perhaps disgust you. Oh, what a waste of time!"

he added whimsically. "And dear, let us settle things once for all. I DID love Leola. I was a boy when I married her. I honored her memory for nine years. I asked you to marry me—not to raise a family, as you have said has been told you—but because I loved you. Was perhaps strict with you, but you were such a child; I wanted you to be happy, and I knew you could not be unless you were at ease in the position you occupied. It was the same fear your mother had. All these other things meant nothing, yet if you had told me how you felt all wretchedness would have been avoided. And dearest, the love of a boy is as nothing to that of a man. You are the joy of my heart, the real love of my manhood. Oh, Sandra, why did you not confide all this to me long ago?"

"I didn't dare! I was afraid of you. I never shall be again, because now I know you love me—I never knew that before."

"You must have been blind. I have been so proud of you, darling, I am sure others have noticed, and commented."

"I didn't want you to be proud of me. I wanted you to love me." I replied, and again he whispered love words to me.

"It was five years before this I had married Everett. Five years of life I had wasted because I would not trust the man I loved. I was 23 years old now, and just beginning to know what it meant to be happy. Those five years—Oh, how I have regretted them!"

Now I am as happy as the day is long. My story is ended. For when one is perfectly happy, when one is sailing on a calm sea, there is little to tell. That we are happy, is all. But—

If any one who reads this is jealous, suspicious by nature, don't keep on being jealous and suspicious, making excuses for yourself on that ground. Talk things over, then have faith. Trust is seldom abused. But even tho it were, it is better than to have soured one's life by jealousies and suspicions.

THE END.

Editor's Note—Another splendid serial by Jane Phelps will follow this story, beginning next Monday. Don't miss it! It is a story of marriage and its problems—of true love and its fight for supremacy over adverse conditions and seemingly insurmountable difficulties. It will grip you and hold your interest from the first chapter to the last.

ELECTRIC SHOPS
Chicago, Illinois

Keep up the spirit of Christmas even though the shadow of fuel scarcity hangs heavy. Now is more than ever the time to show good will and cheer by the giving of sensible gifts. Things for personal use have a strong appeal to most people. This is shown by the feeling a man has for his razor or his pocket knife or his rifle if they are good ones. It is perhaps best shown by the feeling a boy has for his first watch or skates. A woman enjoys her best scissors, cooking utensils or teapot in the same but a broader way, for while she gets pleasure from the help they give her she gives pleasure and comfort to others by their use. Then there is the happy, chummy family where all unite in buying something practical and useful to all, such as a Stove or a Washing Machine.

We are today unpacking one of the largest lots of Aluminumware and of Pyrex Glassware ever brought to Dixon.

Do not fail to see the many good things we show—far more than ever before.

The CHENEY

for Christmas

A Gift of Ever Increasing Worth, for
"The Longer You Play It,
The Sweeter It Grows"

A PRACTICAL gift, yet breathing refinement and elegance. A gift that all the family can enjoy, and a gift that will become of increasing worth.

For it is true of the Cheney alone that "The Longer You Play It, the Sweeter it Grows." Within each Cheney cabinet are enshrined acoustic principles never before applied to tone reproduction—improvements upon old methods which give to the Cheney, tones unrivalled in sweetness, beauty and richness.

Forest Cheney, musician, inventor and scientist, adapted the fundamental principles to tone reproduction which give the violin its sweetness and purity of tone and the pipe organ its rich fullness. He has achieved new heights—he has set his instrument in a class apart.

The Cheney gives piano records the very timbre of piano tones, keeps all of the parts of an orchestra record in perfect balance, maintains the purity and fullness of vocal records which characterized the original production. Needle scratch and mechanical noise are virtually eliminated.

The Cheney plays all records—it is a masterpiece. To really appreciate it, you must hear it.

GRACE UNITED EVANGELICAL

C. G. Unangst, Pastor.
The following services are planned for next Sunday:
9:30 a. m. Sunday School.
10:45 a. m. Sermon on "The Conditions on Which God Will Hear our Prayers." Text: "I My People, which are called by My Name, shall humble themselves and pray, and seek My face, and turn from their wicked ways; then will I hear from heaven, and will forgive their iniquity, and will heal their land." (Jer. 29:12-13).
7:30 p. m. K. L. C. E. meeting. Subject: "Truths That Jesus Taught." Matt. 23:12. John 21:25. Consecration meeting.

7:30 p. m. A praise service. Short sermon on "Songs in the Night."
The churches should be crowded on Sunday. Our supreme need is to draw near to God. Since Grace church is the only church on the north side it should be filled to overflowing. Nothing short of the power of God can bring deliverance from a calamity without a parallel in our national history. Last Sunday morning a stalwart young man came forward and accepted Christ as his Saviour. Let the people turn to God in these momentous days!

ST. PAUL'S LUTHERAN CHURCH

Rev. Lloyd W. Walter, Pastor.
Sunday School 9:30 a. m. Supt. W. E. White.
Morning Service 10:45. At this service the new pastor, Rev. Walter, will be installed. The service will be in charge of Rev. D. A. Davy of Chicago, president of Northern Illinois Synod. He will be assisted by Dr. Yarger, of Chicago, Secretary of the Board of Home Missions, Luther League at 6:30 a. m.
Leader, Mrs. Mary Bank. Subject: "Truths That Jesus Taught." Matt. 5:3-12; John 21:25.
Evening Service at 7:30. The pastor will preach the sermon.
Sunday will be a very important day for St. Paul's Lutheran church and all the members should make an effort to attend all the services of the day.
Please note that the morning services commence fifteen minutes earlier than usual.

ST. LUKE'S EPISCOPAL

Rev. H. M. Eakin, Rector.
9:30 a. m. Holy Communion.
5:30 a. m. Sunday School.
10:45 a. m. Celebration of Holy Communion to consecrate the Nation-Wide campaign. The canvass in its interest will be made in the afternoon.

FIRST CHURCH OF CHRIST, SCIENTIST

SerVICES, Sunday, 11 a. m.
Subject: "God the Only Cause and Creator."
Sunday School, 10 a. m.
Wednesday Service, 8 p. m.
Reading room open daily from 2 to 4 p. m., except on Sundays and legal holidays.

CHURCH OF THE BRETHREN

Rev. J. J. Johnson, Pastor.
Sunday School 10:00.
Evening services at 7:00.
Our church is small and requires but little fuel, yet we will economize and likely discontinue evening service providing the important gatherings do likewise. The church and school are the nation's most important institutions and should be last to sacrifice.

METHODIST CHURCH

Rev. E. C. Lumsden, Pastor.
Sunday School at 9:45. Supt. C. C. Hinta.
Morning Service at 10:45. Subject: "The New and Living Way."
Epworth League at 6:30. Leader Miss Dorothy Wohlke.
Evening Service at 7:30. Subject: "Some Folk Who Lost the Trail."
Midweek meeting Wed. at 7:30. Subject: "Our Churches Challenged."
Junior Choir practice on Fri. at 4:00. Choir practice will be held in the small room down stairs. The midweek meeting will be held in that room.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simplyampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

**FEDERAL FUND IS
AID TO BOND PRICE**
By Associated Press Leased Wire
Washington, Dec. 6.—The government has saved a total of \$45,174,973 in the purchase of its own bonds at market quotations according to treasury figures. Since the bond purchase fund became operative the government has bought back \$955,000,000 of its own bonds which cost only \$607,905,000 because the market prices ranged from 1 to 8 points below par.

By purchasing the bonds the government has added greatly in relieving the pressure of government securities on stock exchange.

WHAT OXYGEN DOES
FOR THE LIVING BODY

Without it—there could be no living body—since without oxygen there cannot be any life.

Oxygen acts on the blood, and by constantly clearing and revitalizing it, converts the blood into a vigilant guardian against the insidious attacks of disease. It assists every natural force in the body. It makes it possible for the blood to build up—when the stress of daily activity, overwork, overexertion, and overtaxing of the body—tears down. Waste products are cast out—new cells grow—the hollow cheeks fill out and take on the ruddy glow of health. The spring comes back to the step, the whole body tingles with health and vitality, while the brain is cleared to meet the battle with the problems of life.

If the supply of oxygen is not sufficient—the engine runs down—vital forces wane—the fire goes out—and the whole machinery of the body stops.

But when the blood is vitalized with oxygen—the complicated structure of the cells of the body liberated—that drives the human engine.

REOLO, the wonderful discovery of Dr. A. L. Reusing, makes rich blood vitalized with oxygen, iron and the cell salts that the blood requires to maintain health and vigor. It stimulates the appetite, aids digestion, tones up the heart and nervous system, rapidly increases the red blood cells and sends through the entire body a stream of vitalized health-renewing blood, that nourishes every cell of the tissues, blood nerves, brain and bones.

Healthy blood makes the whole body healthy. The cheeks glow, the eyes sparkle, the step becomes light and elastic and the whole body thrills with the vigor and vitality of perfect health.

If you are not feeling well—try REOLO. It is not expensive. Each package contains 100 pleasant, tasteless tablets, enough for two weeks' treatment, and it only costs one dollar.

REOLO is sold under the Positive Guarantee that if it does not give absolute satisfaction, your money will be returned.

REOLO is sold in Dixon by Sterling & Sterling, Licensed Distributor for Dr. A. L. Reusing Laboratories, Akron, Ohio.

DRINK HOT WATER
IF YOU DESIRE A
ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning. To flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to such in only nourishment sustain the body.

If you want to see the glow of healthy blood in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon rising, a glass of hot water with a spoonful of limestone phosphate in which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and veins, thus cleansing, sweetening and ridding the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, red spots, pimples or pallid complexion, also those who wake up with coated tongue, bad taste, nasty cold, cures who are belched with gas, indigestion, bilious spells, acid stomach, constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. It is not always considered that internal sanitation is vastly more important than outside cleanliness. Use the skin pores do not absorb impurities into the blood, while the oval pores do.

WHY COUGH AND
COUGH AND COUGH?

Relieve it with Dr. Bell's Pine-Tar-Honey

ARE you going to let it stick, and become a chronic condition?

Of course not! Not when you know you have a preparation like Dr. Bell's Pine-Tar-Honey to loosen it up and so allow Nature to rid you of it.

The first dose will produce gratifying results. The second and third will convince you that Dr. Bell's Pine-Tar-Honey is an enemy to a cold.

The preparation is second to none for its soothing, relieving effects. Coughs, hiccups, bronchitis, asthma quickly relieved by Dr. Bell's Pine-Tar-Honey. 30c, 60c, \$1.20. All Druggists.

A Fine Laxative For Children
Promptly, smoothly, comfortably. Po-Dolax (two tablets) dissolves and stirs the food in the bowels, and is absorbed by the blood. Not a purgative. It is a gentle, safe, easy-to-use laxative for the whole family that effectively removes waste.

INTERURBAN CAR IS DAMAGED BY FLAMES

The fortunate arrival of Motorman W. N. Andrews at the S. D. & E. car barns at 5:15 o'clock a. m. Friday probably prevented a disastrous fire, for when he arrived at the barns a quarter of an hour before he was to take the first car out he found the interior of interurban car No. 104 filled with smoke and flames leaping to the ceiling from one of the front seats. He at once turned in an alarm, summoning the fire department, and then turned his attention to extinguishing the fire. The blaze had been started by a short circuit in the electric heater under the seat which

caused the heater to become red hot, when night man Hugh McKay put the trolley pole up above the clock to get the car warm for its first run. McKay went about his duties in the barn part of the barn immediately and consequently did not know of the fire. The seat cushion was destroyed and the interior of the car was charred somewhat by the fire.

Kipling Appeals for Reverence for Graves

By Associated Press Licensed Wire
London, Dec. 5.—Rudyard Kipling on behalf of the Imperial war graves commission, has written an appeal to those visiting the Foreign and Flanders fronts to observe reverence for the dead. In part he writes:
"It should be remembered this is holy ground—consecrated in every part by the lives of men and for that reason not to be run over with heavy. It is inevitable that the handling of such multitudes of sightseers as are expected next year must be managed along ordinary tourist lines, so it rests with the individual tourist to have respect for the spirit that lies upon that land of desolation and to walk through it with reverence."
"It is said there is a tendency on the part of some visitors to forget this obligation. Nothing would be gained by giving specific instances of what, after all, is more in the nature of unthinking carelessness than intentional disrespect, but the Imperial war graves commission has asked me to express our earnest hope that all who visit the battle areas will bear in mind that at every step they are in the presence of those dead through the merit of whose sacrifice

they enjoy their present life and what ever measure of freedom is theirs to day."

Corn Sags Today
with Better Finish

By Associated Press Leased Wire
Chicago, Dec. 6.—Fresh declines in the price of corn took place today owing chiefly to the fact that the market was without any aggressive support. Lower quotations on hogs tended to promote bearish sentiment. Besides, the arrivals of corn here continue to be more liberal than was recently the case. Opening prices, which ranged from 1 1/4 to 1 3/4 lower, with January 1 3/4 and May 1 3/2 to 1 3/4, were followed by a slight rally but then by another sag.

Oats eased down with corn. After opening unchanged to 3/4 lower, including May at 76 1/2 to 76c, the market showed a disposition to weaken further.

HERE YESTERDAY

Local Authorities Think
Whiteside Fugitive
Was Here.

Three of the four prisoners of the Whiteside County Jail who escaped on Thursday after attacking Sheriff Berry have been recaptured, the third man being taken at 10 o'clock last night in the "peat beds" 8 miles southwest of Morrison. McCannon, Burden and Cameron, all Whiteside county men, are back in jail and Edwards, the man held for the raiding of the Burchell store at Erie, and who is credited with engineering the jail delivery, is still at large. He is believed to have been in Dixon yesterday, but eluded the local officials and got out of town last evening. Edwards was arrested in Peoria, and it is believed possible he is on his way back there, as he and his partner in the Erie robbery had their headquarters in Peoria and are believed to have disposed of their loot there.

Seen in Dixon?
Sheriff Schoenholz received a telephone message from the Northwestern depot late yesterday afternoon, which stated that a strange man had got off an east bound train here and was in Dementtown. The sheriff went to Dementtown and made a search but failed to find the stranger.

It was learned from the Whiteside county authorities that Edwards had obtained a change of clothing from a farm house near Morrison. The clothing worn by the stranger who was in Dixon for a few hours yesterday afternoon, inquiring the time on south bound Illinois Central trains, talked with that said to be worn by Edwards.

The police department, in a roundabout manner, were notified of the presence of the stranger in the city and searched the railroad yards, but were unsuccessful. Chief Van Bibber learned that the stranger was in the flag shanty on Seventh street at the Illinois Central tracks about the time that the sheriff was searching for him. No trace of him could be found after he left the flagman's station and it is believed that he went south on a freight train.

Farmers Saw Cameron
Cameron, who was captured last night, was seen crossing open fields southwest of Morrison late in the afternoon and the sheriff's office, upon being notified, immediately started posses.

Spokane, Wash., Dec. 6.—Orders for seizure by the government of 5,300,000 pounds of sugar held at Yakima and Tappanish, Wash., by the Utah-Idaho Sugar Co., were issued here today by United States District Judge E. E. Cushman, of Tacoma, sitting here.

The orders were issued in a libel action brought by United States District Attorney F. A. Garrecht, who charged hoarding and attempted unjustified price increases by the holding company. United States deputy marshals were sent to take possession of the sugar.

Mr. and Mrs. Irving McCune, of Idaho, are here for a visit with relatives and friends.

CLAIM CAPTURE OF
MASTER CROOK

By Associated Press Leased Wire
New York, Dec. 6.—Frank Storey, described by Assistant District Attorney Talley as the "master mind" in the theft and disposal of \$1,500,000 worth of securities from local financial houses during the last year was arrested today on a short affidavit alleging suspicion of theft of four Pennsylvania railroad bonds, valued at \$4,000. He was held in \$10,000 bail for examination Monday.

The police say that the stolen bonds were found in Storey's possession November 15, but he denies the allegation and says that he has no connection with the securities theft. Storey was formerly employed by the law firm of Seabury, Massey and Lowe with offices in the heart of the financial district.
